From the desk of President

Welcome to ADITT. It is one of the best premier colleges of Education. Established in 2015 to actualize the mission of providing quality teacher education, ADITT strives to contribute towards developing tomorrow's teachers equipped with the values of collaboration, compassion and commitment.

The Institute is located at a nodal point amidst schools and colleges and various learning centres. It thus networks with multiple stakeholders and extends its services even to the deprived and under privileged. The focus of social justice, equity and inclusion is never lost while discovering new ways of making education accessible, reachable and available to all. At the same time, the Institute also strives to collaborate with international organisations to build a global understanding between different countries.

I, as the President, take the honour of carrying on the legacy of the torch bearers of ADITT, who have worked towards making this Institute a portal of innovative, ground –breaking and empowering teacher education. As we move forward, we strive towards cultivating grounded reflective practices, contributing towards the ever evolving hub of knowledge.

The Faculty of the Institute are the pillars of the Institution. They are each unique and potential agents of social change, through their processes of teacher education, fulfilling the mission and vision statement of the Institute in their own resourceful way. The student teachers, batch after batch, are inspired to raise their bars of excellence, but at the same time to be sensitive in taking their fellow students along with them. It is not just about winning but also about sharing and arriving at their goals together. Albert Einstein says, it is the supreme art of the teacher to awaken joy in creative expression and knowledge. So our teachers carry forward the motto of the college of joyous creative teaching in order to realise the Vision of the Institution.

To conclude, we earnestly reiterate that Education is an act of love which will conquer all differences and hurdles and make way for a just and humane society for God's Greater Glory. As the words of the College anthem go “तजस्वि नावधीतमस्तु /...may our knowledge become brilliant.”

Warm Regards

Monal Parag, 9708177777 (B.E. Computers, M.B.A - Marketing, M.A. - Economics)

About The Institution
